Compared to roaming  
with your USA phone  
service provider  
abroad

The Euro SIM is for students who plan to travel to multiple countries in Europe during their study abroad experience. Use it when you leave your primary destination country and save money on international roaming with low rates all over Europe. It's convenient and much cheaper than roaming with your primary PicCell SIM card.

### HOW TO ORDER

Add a Euro SIM to your primary order: [www.piccellwireless.com/spanishworks](http://www.piccellwireless.com/spanishworks)

Or, place a Euro SIM order directly: [www.piccellwireless.com/euroclub](http://www.piccellwireless.com/euroclub)

## US VIRTUAL NUMBER

*Friends and family in the U.S. **SAVE BIG** with this number!*

With your PicCell Wireless phone, you also get a free U.S. Virtual Number. Calls to this U.S. number are forwarded to your international phone while you are abroad. Callers from the U.S. only pay for a domestic call and you pay a low per minute rate. See website for details

How it works:

- Order a PicCell phone or SIM card. Your U.S. Virtual Number will be emailed to you within a few days of delivery.
- Give your U.S. Virtual Number to your friends and family in the U.S., providing a cheap and convenient way to call you while you are abroad.
